- SEC. 2. Whenever any physician shall report to the Health Commissioner any case of small-pox or contagious disease in any dwelling or building in the City of St. Louis, the Health Commissioner shall have the power, whenever in his opinion it is necessary, to cause to be placed on the outside of any building or dwelling, or door of any room, a printed placard giving notice of the existence of such contagious disease. Any person who shall remove such placard placed by order of the Health Commissioner shall be deemed guilty of a misdemeanor, and upon conviction be fined not less than five nor more than twenty-five dollars.
- SEC. 3. Any practicing physician who shall neglect or refuse to perform the duties required of him by this ordinance shall be deemed guilty of a misdemeanor, and upon conviction shall be fined not less than ten nor more than fifty dollars.
- SEC. 4. The parents or guardians of children attending any private or public school who shall permit them to attend school after it becomes known to the said parents or guardians that any of their family are infected with any infectious or contagious disease shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be fined in a sum of not less than three nor more than ten dollars.
- SEC. 5. Any principal or teacher of any private or public school in the City of St. Louis having official or authentic information of the existence of any infectious or contagious disease in the family of any pupil attending said school shall immediately cause the removal of said pupil from said school, and until he (or she) shall have undoubted proof of the premises where the family reside being disinfected, and the disease eradicated. Any failure on the part of any principal or teacher complying with the provisions of this section shall be deemed guilty of a misdemeanor, and upon conviction thereof be fined in a sum not less than three nor more than ten dollars.

Approved February 19, 1878.
